

Young cricketer batting for the Garden Company

Lachie at work at a Garden Company client site

The Garden Company (based in Chipperfield) is delighted to provide a summer work placement to New Zealander Lachie Stove who is visiting the UK for several months to develop his cricket.

Lachie is playing for Chipperfield Clarendon Cricket Club this season - between training and matches, he is also applying his gardening skills as a full-time member of the garden and grounds maintenance crew at the Garden Company. A student at St Thomas of Canterbury College in Christchurch, he will be in the UK until his autumn studies start.

James Scott, MD and Principal Designer at The Garden Company said 'This is always a busy time of year for us and Lachie has been a very welcome addition to our team. As a keen cricket fan, it's great to be able to support someone at the early stages of their cricketing career too!'
